Councilmen, Fail to Show Up at the

## MEETING OF THE COMMITTEES

The Committee on Lights Can't Agree on the Electric Light Bill—No Street Signs Yet.

Owing to the absence of a portion of each committee at the meeting of the council committees last night no definite action could be taken in regard to the matters brought before them. Aldermen Frost and Damasky were the only members of the committee on lamps present and they could not agree on a report as to paying the Grand Rapids Electric Light and Power company the sum of \$722 claimed to be due on the May lighting bill. Alderman Frost thinks \$2,500, the amount already paid, is sufficient for the amount of light furnished by the company during that month. Alderman Damasky is of the opinion that the bill should be paid in full. It is understood that Alderman Hall, the remaining member of the committee, is also in favor of allowing the bill without deduction. The committee on lamps has made some progress in locating the additional low light fixtures for. It has decided upon seven localities that are in need of lights and there are two more that are under consideration. The places decided upon were not made public, the committee for certain reasons preferring to keep the matter private until the regular meeting of the council.

The committee on streets will report favorably upon the petition for the improvement of Pine street. There is still a hitch in the committee in regard to the street sign and street sweeper matter, a portion of it being of the opinion that both questions should be deferred until later in the season.

WILL GO TO MACKINAC. The Aldermen Will Take a Free Ride Over the G. R. & I.

Last night after the meeting of the council committees the Aldermen adjourned to the president's room and closed themselves for the consideration of the proposed aldermanic junket. Chicago, Cleveland and Mackinac were the three places considered. The G. R. & I. Railway company offered the Aldermen a coach and baggage car free of charge for a trip to Mackinac. This generous proposition captured the city law makers and they decided to accept the offer. They will start for the cool country August 25 if the scheme is approved by the council as a body at its meeting Monday night.

Arrested for Passing a Bogus Coin. Deputy United States Marshal Brewster went to Belding yesterday morning and arrested Jesse Letson, a young man 24 years old, on a charge of passing counterfeit coin. The complaint was made to the United States office by Mr. Whipple, a Belding merchant. Letson was found with several companions in a shanty on the bank of the river near Belding, where they were boarding themselves in cowboy style. He had a passport hearing before Commissioner McQuinn and the case was adjourned until this morning in order to get additional evidence. Another merchant in Belding is expected to testify that Letson attempted to pass the same coin in his store a short time previous to his passing it to Whipple and that he told Letson it was bogus. Letson was remanded to jail until this morning.

Arrested for Contempt. John M. Ferguson was arrested yesterday for contempt of court for not appearing before Judge Asht at a hearing of an application of the defendant's wife for an injunction restraining him from interfering with her goods and chattels during the pendency of the divorce case in the circuit court. Ferguson pleaded guilty to contempt and was released on the payment of costs. He said he stayed away from court on advice of friends. The judge issued the restraining order as prayed for by Mrs. Ferguson.

Not a Case of Vagrancy. Nick Smith, Tom Davis, Bill Gibson, John Barry and Frank Deeming, the fellows arrested early yesterday morning by Officer Pomeroy, for sleeping in a R. & I. box car on Court street, were arraigned in police court yesterday on a charge of vagrancy. The offense could not be tried under that charge according to a recent decision of the supreme court and the boys were discharged.

Arrested Two Pickpockets. Detective Joe Smith arrested Harry Bennett, a Chicago gambler, at the races yesterday on complaint of A. Bowen, who said that Bennett had touched him for \$20. When searched at the jail Bennett had no money about the person. The detective also arrested John Davis, a bootblack from Buffalo, N. Y., under a charge of being a pickpocket. The boy stole a program of the races from a man's coat pocket.

Charged With Stealing Bananas. Joseph Day, William Gibson, William Orr, Oscar Miller and William Broglund, were arraigned in police court yesterday on a charge of breaking and entering a car of the Michigan Central railroad company and stealing bananas. Their case is set for trial tomorrow.

William S. Winger Sued. George Kenyon of Gladwin has begun suit in the circuit court against William S. Winger of this city to recover payment of a promissory note signed by him as agent December 22, 1927, for \$300.00. The note was protested for

non-payment March 24, 1928. Damages are placed at \$1,000.

Mabel in Jail Again. Detective Darr arrested Mabel Mayo, a half-witted girl, on Barrett street yesterday morning on a charge of larceny preferred by May Kennedy. She is accused of stealing a few articles of wearing apparel. Mabel has been in jail several times for trivial offenses.

May Marriages in Scotland.

There is a deeply rooted suspicion in Scotland that May marriages are unlucky, and are bound to turn out badly. In April, 1891, there were 2,053 marriages in Scotland. In May there were but 1,604, while in June the number jumped to 4,148.—Pittsburgh Dispatch.

Her Argument.

A remarkable instance of the convincing power of feminine logic is recorded by a gentleman who was one day standing on the edge of a crowd which was besieging the doors of a bank supposed to be on the point of suspending payment.

The dialogue was carried on between a rosy cheeked Irishwoman and her husband, who were standing close at the gentleman's elbow.

"Nora," said the man stolidly, "we must push up, so ye can draw yer money out."

"But I can't want to draw it yet, Phelim," replied the pious Nora.

"Nora, an don't ye know they'll lose yer money for ye if ye don't hurry up an draw it out?"

"An shure, Phelim, sin't they better

able to lose it than we are?"

"Phelim," remarked the listener, "was apparently stunned into silence by this unanswerable argument, and meekly followed his wife as she elbowed her way past the crowd and down the street.—Youth's Companion.

He Knew Him.

The tailor never did know how he managed to get the young man to pay his bill, but it came to pass in two or three years that he did, and one day, perhaps a month after that happy event, the young man came in to see him.

"What will you charge me," he inquired confidently, "for a suit of clothes? Something real nice, don't you know?"

The tailor calculated for a minute or so. "Well," he said, "I guess about \$375."

"What?" and the young man's mouth flew open.

"About \$375," repeated the tailor calmly.

The young man leaned up against a pile of cloth to regain his composure.

"How much for cash?" he inquired in a subdued tone.

The tailor brightened up. "Oh, about forty or fifty dollars," he said cheerfully, and the young man walked out.—Detroit Free Press.

A Wonderful Machine.

There is no doubt that man is a fine mechanism, but like every other machine he wears out by friction. It is said that he is born again every two or three years. His body is virtually remade from food. To retard this making over is radically wrong, as a man loses so much vitality in the delayed process that it takes a long time to recuperate. The process of making anew is so accelerated by purging with Brandreth's Pills that a new man, as it were, may be made in two or three months, and the change in the mechanism is such that the worn out part is replaced by the new without the usual running down of the entire machine. You don't have to stop for repairs. Purge away with Brandreth's Pills the dead and gold, silver, copper and mica. They are purely vegetable, absolutely harmless, and safe to take at any time.

Mothers and Daughters.

Over twelve years I was afflicted with a very serious female difficulty and for the last sixteen months was under treatment of three of the very best physicians that money could employ. Under their skillful treatment I gradually grew worse, until they decided they could render me no permanent help. One of my friends persuaded me to try a bottle of Dullman's Great German Uterine Tonic, and after taking three bottles, I can say I am in better health than I have been for twenty years, and am now 60 years old, but feel as young as at 30.

Don't Get Imposed Upon.

Is a good motto to follow in buying a medicine as well as in everything else. By the universal satisfaction it has given and by the many remarkable cures it has accomplished, Dullman's Great German Blood, Liver, Stomach and Kidney Cure has proven itself unequalled for building up and cleaning your system and for all diseases arising from impure blood. Do not experiment with an untried or untried article which you are told is as good, but be sure and get Dullman's. All druggists keep it.

Fatal neglect is little short of suicide. The consequences of a neglected cough are too well known to need repeating. Dr. Wood's Norway Pine Syrup cures a cough promptly. Sold by all dealers on a guarantee of satisfaction.

False Economy. Is practiced by many people, who buy inferior articles of food because cheap, or than standard goods. Surely infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

The success of Mrs. Annie M. Beam of McKeesport, Penn., in the treatment of diarrhea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." Twenty-five and 50 cent bottles for sale by E. J. Wursburg, druggist, No. 58 Monroe street.

A DYSPEPTIC'S ARGUMENT

Is a growl, and that growl marks the limit of argument with him. The best way to get him to try a medicine would be to advise against it—but notice how different his tone after using Burdock Blood Bitters.
